

# Vin Deca - Will I Find Faith

It's simply getting awkward  
Because I hold  
And I told and showed you  
How to get heavenward  
Are you loosing the way  
Was there a day  
That I left you  
Took my eyes off you

Didn't I teach you about persistence  
Sure I know I did  
Did you forget heavens assistance  
Hovering over you  
Now what would make think  
That I am so so far away

Will I find faith  
When I come back  
When I come back  
Will it die away  
Will I find faith  
On a stack rack  
In the back yard  
Out in the cold  
Will I find faith  
Sitting lonely  
History only  
Rusting slowly  
Will I find faith  
When I come back  
In the ground  
Forgotten and old

I know it gets scary  
I know the times  
When it feels like  
You'll end in a cemetery  
Didn't I tell to you  
Didn't I say it loud  
My peace I leave with you  
Why would you  
Forget that I promised

Oh you know what I had to do  
Oh you know where I had to go  
For you  
And I'll do it again anytime  
I wish you knew  
I got so much faith in you  
I wish you saw what I can do for you  
Till this day  
Until the end of time  
If you believe in me
